26 BCC in the LMJV 22 20 <- Total by BCR
6 4 <- Unique in BCR

BOLD = Designated as Priority in some form by LMJV

RED = LMJV science and/or delivery currently actively pursuing conservation (e.g., focused delivery, active science/planning) in WGCP0

BLUE = LMJV science and/or delivery currently actively pursuing conservation (e.g., focused delivery, active science/planning) in MAV

* Likely benefiting from efforts focused on other taxa/same habitats, but no way to say for sure
